**EDITORIAL COLUMN,
SOUVENIR COMMITTEE,
JGECAA**

Working for the society, for the bigger mass, for the future generations, working towards a greater cause - these are the motivations based on which JGECAA is working tirelessly and trying to serve JGEC and its surrounding locality. When a group of people come together and take initiatives to achieve such milestones, it's a dream come true for them and make them feel proud, fulfilled and extremely satisfied as life doesn't give opportunity to all and sundry to give something back to their alma mater and to the society as a whole.

This sense of fulfillment is the driving force acting behind JGECAA. I have seen people working day and night, sacrificing their personal time, and putting hard efforts for serving such noble causes.

JGECAA has recently inaugurated *Kanchenjunga, the Convention Centre*, at JGEC Campus. The purpose is to create a comprehensive benchmark development centre and upliftment of brand JGEC. We expect that this would make JGEC at par with the other prestigious institutions across the globe.

Since last six decades JGEC is producing innumerable brilliant engineers, who are dispersed worldwide and serving various nations in some way or the other. All of them have come forward to build Kanchenjunga. It is a symbol of strong camaraderie and willpower of Alumni Association mixed with the urge to do something for future generations.

The souvenir is being published on account of the occasion of inauguration of Kanchenjunga, which took place on 7th Aug, 2022 along with the Diamond Jubilee Celebration of JGEC. This is our small effort to thank everyone, who have contributed for this greater cause or helped it to grow in any form. We ensure that all your big and small efforts have been duly acknowledged by us and that, you have created a special place in every JGECian's hearts.

I am extremely happy that JGEC Alumni Association has trusted me with the great responsibility of designing the souvenir and present it to you and I, along with my team, tried our best to capture everything about the inauguration event and to do justice to all stakeholders. However, in spite of that, if some errors have occurred, those are completely unintentional and seek your forgiveness.

I also thank the entire JGECAA team of Kanchenjunga Inauguration. And extend my thanks to Souvenir Committee, without their active supports this publication would not have been possible. As they say, *the journey is the reward*, and I, truly cherished every moment of our journey towards the destination Souvenir.

I hope we have more such occasions in future to gather at JGEC and celebrate our achievements together.

**REGARDS,
EVELYN BHUNIA,
JOINT SECRETARY, JGECAA**

**IT'S ALL ABOUT
DREAM AND
REALIZATION OF
DREAM**

FROM THE DESK OF PRESIDENT, JGECAA

It is a great pleasure that I have been given an opportunity to express the views of the Alumni Association for upcoming years. As a custodian of Alumni Association, several issues are being raised by alumni from time to time, which I would like to enlist as follows along with our view of future activities for JGEC Alumni Association.

- **Campus maintenance issue:** Particularly cleanliness of hostels and its surroundings. In addition to that, the dire condition of JGEC faculty accommodations is forcing them to move out.
- **Health and lifestyle issues** and bad pecuniary conditions of present students.
- **Deterioration** in the number of faculties and paucity of funds to maintain state-of-the-art infrastructural facilities.
- **Poor condition of library** and absence of digital environment in the campus.

These issues are practically beyond our scope and purview, until and unless college authority asks us to take an active part in resolving these. Once, I personally took the initiative to spread the culture of practicing daily yoga, which was failed due to the non-participation of the students. We organized the cleaning of hostel and toilets of **Hostel No. 4**, twice, but could not complete or continue due to scarcity of water, unintended participation of students and indifferent attitude of college authority.

Next, our vision is to impart knowledge to **Bridge The Gap** between academia and industry, which was impaired a little due to covid scenario but ultimately, we are close to our mission. We close to the completion of the first floor of **Kanchenjunga**, which would provide accommodations to alumni, guardians of freshers during first year admission and, of course, the interviewers for campus placement.

The ground floor of Kanchenjunga is intended to be used to disseminate knowledge by JGEC alumni, involved in *Bridging The Gap* program.

We are proud to announce that AA is providing scholarships, close to **7 Lacs(Rupees)**, to present students which I hope will increase day by day.

We believe in the words of Swami Vivekananda, "*In a day, when you don't come across any problems, you can be sure that you are travelling in the wrong path*".

**REGARDS,
GAUTAM KUMAR BHADURI,
PRESIDENT, JGECAA**

**MESSAGE
FROM
SECRETARY,
JGECAA**

With utmost pleasure and pride, today we can claim that what we dreamed one day, back in 2009, has come to reality and is standing on the firm ground of JGEC. In the history of JGECAA, 7th August 2022 would be written as a red-letter day. This was the day of the glorious inauguration of *Kanchenjunga, the convention centre*, in the presence of eminent dignitaries and alumni, also in conjunction with the diamond jubilee celebration of JGEC.

Kanchenjunga symbolises the passion, vision and strong willpower of JGEC Alumni Association with genuine noble cause to give back to society by nurturing the young minds and turning them into true citizens of India.

As of today, the building has been constructed till the first floor. The ground floor has two conference rooms and office rooms. The first floor has five guest rooms along with an attached bath facility, a reading and a dining room. This building also has necessary provisions for pantry, safety and security arrangement. Till date the construction progress of this building is patronised by JGEC alumni stationed within India and abroad.

It is the time to thank the entire JGEC family and all stakeholders of JGEC - our respected principal, professors, our respected seniors, our beloved brothers and sisters, all non-teaching staffs and everyone present in the event, without your love and support this was not possible to achieve. I want to thank everyone who has contributed in building Kanchenjunga, in some way or other - thanks to the alumni who contributed with huge funds, thanks to the workers who constructed it, and also the supporting staffs who took part in the arrangement for lunch on the inauguration day at Kanchenjunga.

More tough days are ahead to construct the second floor along with all facilities & amenities. I strongly believe that we all are together in this journey. Our expectation says that building would have a huge impact on the global academic circle. We are serving the professional world and mankind, along with serving our alma mater. My humble request to all the stakeholders is to participate in this journey.

Beside Kanchenjunga, JGECAA is also involved with various other activities for development of JGEC and surrounding locality. Providing scholarships to needy meritorious students, arranging innovation programs to encourage technological upliftment, organising seminars & workshops on engineering & socio-economic topics, encouraging research works - to name a few. During Covid lockdown, JGECAA supported fifty-two families of the Danguajhar area with essential goods and foods for about 1.5 years.

With all the above good works, we expect to go and grow further with continuous support from you all.

**REGARDS,
RAJIB BHATTACHARYA,
SECRETARY, JGECAA**

**DRIVEN BY GRATITUDE.
BONDED WITH
NOSTALGIA**

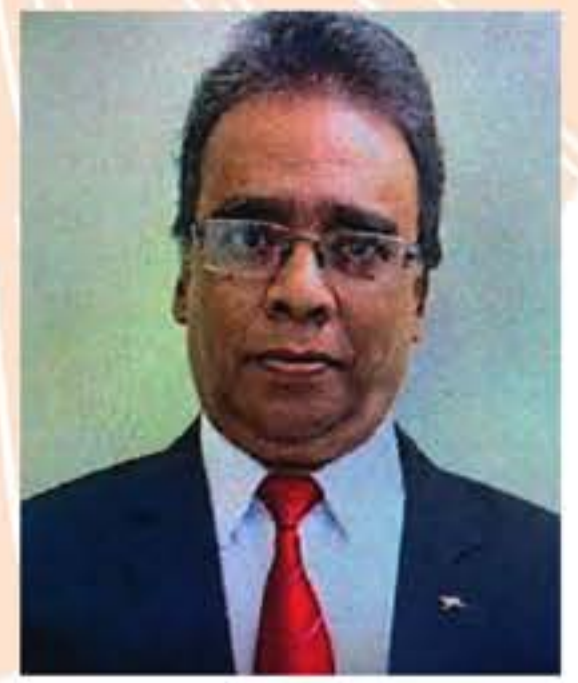

FROM THE OFFICE OF PRINCIPAL, JGEC

It is a story of more than six decades, starting from the inception to the establishment of JGEC. It's all about dream and realization of dream, witnessed by millions of people of North Bengal. The year was 1961, when the little child named Jalpaiguri Government Engineering College was established and conquered its place amongst few technological institutes in our country. This college is not merely an institution for learning and producing graduate and post-graduate engineers, JGEC also shapes its students as better human beings for a greater benefit of the society in the long run.

And how can a human being forget his / her mother? Yes, Kanchenjunga is the fruit of that belief that a child never forgets his / her mother, which also follows the tradition and culture of our country, India. Every year our students join renowned companies, academic institutions or research institutes after completion of their degree, but that does not become that end of their relationship with their alma mater. Gradually they become established in their career and again return to serve their mother JGEC with a bundle of love, care and guidance for the younger brothers and sisters.

Kanchenjunga is the alumni home of JGEC ex-students. It is conceived, designed and developed by the biggest stakeholders of JGEC family. It has been constructed with the intension to make the bond stronger between JGEC alumni and present students. I wish a great success for this noble initiative taken by JGECAA.

**REGARDS,
PROF. (DR.) AMITAVA RAY, 
PRINCIPAL, JGEC.**

FROM THE DESK OF DIRECTOR, NIT MANIPUR (EX JGECIAN)

Jalpaiguri Government Engineering College (JGEC) has witnessed two big events recently. One – the diamond jubilee celebration program of the college and the other one is the inauguration of the convention centre at “Kanchenjunga” building, a Convention Centre cum Alumni Guest House of JGEC.

I understand that “Kanchenjunga” is the most prestigious and the biggest focus of Alumni Association at present. The dream of the convention centre was sowed in the year 2009 and today it is standing on the firm ground of JGEC. This is a great achievement and contribution by the Alumni Association of JGEC. “Kanchenjunga” is going to play a vital role in spearheading the highest quality of academic standards and facilities to JGEC students. Ideally, all institutions need to keep strong adherence with their alumnus to support the present students and for its overall growth and development.

Effort should be made to harvest the talent and creativity of JGEC students and translate their young innovative brains with engineering skills to provide solutions that will help them to grow after they get their degree. Facility such as “Kanchenjunga” will definitely catalyze and enthuse the student community to swiftly get accustomed with the spirit of corporate world. It will also enhance the brand value of JGEC.

I am extremely happy to become a part of such initiative and I wish all the very best to Jalpaiguri Government Engineering College Alumni Association for all its future endeavors.

*We love
JGEC*

IN THE LOVING MEMORY OF

Arghya, our dear Arghya Mukherjee of Mechanical (1997-2001), JGEC, a brilliant student from Durgapur, we miss him every moment. Always jovial and high spirited, tall, handsome Arghya could mesmerize anyone, we used to envy him. That's why, his sudden demise, drowning in Tista, on 12th July, 2000 when we were still student, simply bamboozled us from no where. We still love Arghya and pray for him.

2001-2005

পারলে টপকা

*Our endeavour & commitment towards the growth of JGEC
fraternity*

*The song we sang with melodies of brotherhood,
We crave to revisit if we ever could.
The battles we won and footprints we left,
The batches long gone, but the memories never fade.*

*To cherish the memories of timeless gupsup and endless escapades
on the campus, 'The Batch of '05' is all set to revive the
dynamism of 'Parle Topka' .*

*Best wishes from 2005
batch*
